JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

REFERENCE HAND-BOOK OF OBSTETRIC NURSING. By W. Reynolds Wilson, M.D., Visiting Physician to the Philadelphia Lying-in Charity Hospital, Member of the American Pædiatric Society, etc. Illustrated. 32mo of 325 pages. Flexible leather binding. Price, \$1.25. W. B. Saunders Co., Philadelphia.

Uniform with Beck's "Reference Hand-Book of Nursing and MacFarlane's "Gynæcology for Nurses," in smart red leather with the title lettered in gold, this little book will commend itself to all who like a pretty cover with good paper and printing inside.

Though condensed, there is something of everything pertaining to pregnancy, the management of labor, the care of the mother before, during, and after labor, and the care of the infant for the first months. Easily carried about, it is just the sort of book to be most useful for a handy reference.

DISEASES OF CHILDREN—FOR NURSES. By Robert S. McCombs, M.D., Assistant Physician to the Dispensary, and Instructor of Nurses at the Children's Hospital of Philadelphia; Assistant Physician to the Medical Dispensary of the Hospital of the University of Pennsylvania. Illustrated. Price, \$2.00 net. W. B. Saunders Co., Philadelphia.

This book embodies a series of lectures given to the nurses of the Children's Hospital of Philadelphia, the original notes for which have been considerably amplified by the author, the whole forming the present work which, beside treating of the nursing in children's diseases gives a good deal of attention to the diagnosis and treatment of the same. The book also includes infant feeding, therapeutic measures employed in childhood, treatment for emergencies, prophylaxis, and hygiene. It is profusely illustrated, many of the plates being colored.

BORDERLAND STUDIES. Miscellaneous Addresses and Essays Pertaining to Medicine, and the Medical Profession, and their Relation to General Science and Thought. By George M. Gould, M.D., Formerly Editor of the *Medical News*; *The Philadelphia Medical Journal*; *American Medicine*; Author of a series of Medical Dictionaries, Biographic Clinics, etc., etc. P. Blakiston's Son & Co., 1012 Walnut St., Philadelphia.

This volume is made up of reprinted essays gathered from a number of sources where they were practically inaccessible to the general reader. The happy thought which prompted the author to collect and present
